Education

SAGE University, Indore, India 2024–2028
Bachelor of Technology in Computer Science and Engineering
CGPA: 7.73

Higher Secondary (Class XII) 2023–2024

Technical Skills

- **Languages:** C, C++, Java, JavaScript, SQL
- **Web Technologies:** HTML, CSS, Bootstrap
- **Tools & Platforms:** Git, GitHub, VS Code, Sublime Text, Dev C++, Turbo C++
- **Core CS Subjects:** Operating Systems, Computer Networks, DBMS, Object-Oriented Programming, Artificial Intelligence, Theory of Computation, Computer Organization & Architecture, Data Mining & Warehousing

Core Competencies

- **Operating Systems:** Process scheduling, memory management, deadlocks, synchronization, and file systems.
- **Computer Networks:** OSI/TCP-IP models, routing, network security fundamentals, and socket programming concepts.
- **DBMS:** Relational models, normalization, indexing, transactions, and SQL query optimization.
- **Object-Oriented Programming:** Encapsulation, inheritance, polymorphism, abstraction, and design principles using Java and C++.
- **Artificial Intelligence:** Search algorithms, knowledge representation, and fundamentals of machine learning.
- **Theory of Computation:** Automata theory, formal languages, Turing machines, computability, and decidability.
- **Computer Organization & Architecture:** Instruction sets, pipelining, memory hierarchy, and processor design.
- **Data Mining & Warehousing:** ETL processes, OLAP, clustering, and classification techniques.

Problem Solving

- Actively practicing Data Structures and Algorithms problems on LeetCode.
- Strong grasp of programming fundamentals through consistent application of C, C++, and Java.

Areas of Interest

- Database Systems
- Artificial Intelligence
- Software Development
- Computer Networks
